

## DEPOSITING FUNDS

### How do I make a deposit? ▲

You are welcome to deposit using a debit or credit card (Visa, Mastercard or Maestro) or an e-wallet like [Skrill](#), [Neteller](#), or [Webmoney](#).

Choose your payment method [here](#)

The minimum deposit is 10 USD/GBP/EUR.

Many of our traders prefer using e-wallets instead of bank cards because it's faster for withdrawals.

And we have good news for you: We don't charge any fees when you make a deposit or withdraw funds.
